IMV 2024 FIXED C-ARM MARKET OUTLOOK REPORT

Table of Contents

I.	Background and Objectives	4
II.	Fixed C-arm Market Outlook Executive Summary	5
III.	Methodology	10
IV.	Findings.....	19
	A. Department Priorities & Future Outlook.....	19
	B. Patient Case Volume in Hospitals with Fixed C-arm Systems.....	31
	C. Installed Base of Fixed C-arm Systems in Hospitals	53
	D. Purchase Plans for Fixed C-arm Systems.....	87
	E. Installed Base & Purchase Plans for Portable C-arm Units	115
	F. Site Operations Characteristics of Hospitals with Fixed C-arm Equipment.....	132
	G. Appendix.....	137
	H. About IMV	146

IMV 2024 FIXED C-ARM MARKET OUTLOOK REPORT

Exhibits

Methodology	10
1. Comparison of Sample vs. Identified Universe in IMV 2024 Fixed C-arm Market Outlook Report.....	11
2. Comparison of Surveyed Departments vs. Identified Universe of Departments with Fixed C-arms	12
3. Distribution of Respondents to 2024 Fixed C-arm Survey, by Respondent’s Department, by Hospital Bed Size	14
4. Respondents Department Has at Least One Fixed C-arm System	15
5. Whether Resondent’s Deparmtent has or is Considering Purchase of Fixed C-arm Systems	15
6. Respondent’s Department Does Not Currently Have a Fixed C-arm System, but is Considering.....	15
7. Distribution of Sample vs. Universe of Hospitals, by Hospital Bed Size, as of 2024 Survey.....	16
8. Distribution of Surveyed Hospitals, by Hospital Bed Size	17
9. Distribution of Hospitals in 2024 Fixed C-arm Survey Sample, by Hospital Ownership Type, by Hospital Bed Size	17
10. Percentage of Hospitals that are Academic/University Hospitals in 2024 Fixed C-arm Survey Sample, by Hospital Bed Size	17
11. Distribution of Hospitals in 2024 Fixed C-arm Survey Sample, by Location Type and Hospital Bed Size.....	18
 A. Department Priorities & Future Outlook.....	 19
1. Priorities to the Mission of Departments with Fixed C-arms Over the Next Year, as of 2024 Survey	20
2. Priorities to the Mission of Departments with Fixed C-arms Over the Next Year, by Hospital Bed Size, as of 2024 Survey.....	21
3. Priorities to the Mission of Departments with Fixed C-arms Over the Next Year, by Respondent Department Type, as of 2024 Survey.....	22
4. Factors Affecting the Future Outlook for Fixed C-arms at your Hospital Over the Next Few Years, as of 2024 Survey.....	23
5. Factors Affecting the Future Outlook for Fixed C-arms Over the Next Few Years, by Hospital Bed Size, as of 2024 Survey	24
6. Factors Affecting the Future Outlook for Fixed C-arms Over the Next Few Years, by Respondent Department Type, as of 2024 Survey.....	25
7. 2024 Fixed C-arm Outlook for Procedure Volume, Reimbursement, Revenue, and Net Income/Profits.	26
8. 2024 Fixed C-arm Outlook for Procedure Volume, by Hospital Bed Size	27
9. 2024 Fixed C-arm Outlook for Reimbursement Levels, by Hospital Bed Size	27
10. 2024 Fixed C-arm Outlook for Revenue, by Hospital Bed Size	27
11. 2024 Fixed C-arm Outlook for Net Income/Profits, by Hospital Bed Size	27
12. 2024 Fixed C-arm Outlook for Procedure Volume, by Respondent Department Type	28
13. 2024 Fixed C-arm Outlook for Reimbursement Levels, by Respondent Department Type.....	28
14. 2024 Fixed C-arm Outlook for Revenue, by Respondent Department Type	28
15. 2024 Fixed C-arm Outlook for Net Income/Profits, by Respondent Department Type.....	28
16. Comparison of Fixed C-arm Outlook for Procedure Volume, Reimbursement, Revenue and Net Income/Profits, by IMV Study Year, 2019 to 2024	29
17. Fixed C-Arm Suggestions for Product Improvements – Open-Ended Responses	30

B. Patient Case Volume in Hospitals with Fixed C-arm Systems	31
1. Whether Respondent Provided Estimates for the Number of Patients and Procedures Performed in at Least One Hospital Department Using Fixed C-arms, as of 2024 Survey	32
2. Departments Respondents Provided Estimates for, by Respondent Department Type, as of 2024 Survey	32
3. Distribution of Respondent Estimates for 2023 Patient Cases Performed on Fixed C-arms, and Sites Performing, by Hospital Bed Size, as of 2024 Survey	33
4. Distribution of Respondent Estimates for 2023 Patient Cases Performed on Fixed C-arms, by Department Type, as of 2024 Survey	33
5. Distribution of <u>Respondent</u> Estimates for 2023 Patient Cases Performed on Fixed C-arms, and Sites Performing, by Department Type, as of 2024 Survey	34
6. Average 2023 Patient Cases Performed per Department on Fixed C-arms, by Department Type, as of 2024 Survey	34
7. Distribution of <u>Projected</u> Estimates for 2023 Patient Cases Performed on Fixed C-arms, and Sites Performing, by Department Type, as of 2024 Survey	34
8. Distribution of Respondent Estimates for 2023 & 2024 Patient Cases Performed on Fixed C-arms, by Hospital Bed Size, as of 2024 Survey	35
9. Distribution of Hospitals, by 2023 Patient Cases Performed per Hospital on Fixed C-arms, by Hospital Bed Size, as of 2024 Survey	36
10. Percent Distribution of 2023 Patient Cases Performed using Fixed C-arms, by Procedure Type.....	37
11. Percent Distribution of 2023 Patient Cases Performed using Fixed C-arms, by Procedure Type and Department Type.....	37
12. Percent of Hospitals Performing Procedures using Fixed C-arms, by Procedure Type, as of 2024 Survey	38
13. Percent of Hospitals Performing Procedures using Fixed C-arms, by Procedure Type and Department Type, as of 2024 Survey.....	38
14. Average Number of 2023 Patient Cases Performed per Site Performing Specific Studies on Fixed C-arms.....	39
15. Average Number of 2023 Patient Cases Performed per Site Performing Specific Studies on Fixed C-arms, by Department Type	39
16. Percentage of Adult vs. Pediatric 2023 Patient Cases Performed using Fixed C-arms	40
17. Percentage of 2023 Patient Cases Performed on Obese Patients using Fixed C-arms	40
18. Mix of 2023 Inpatient vs. Outpatient vs. Emergency Fixed C-arm Patient Cases, as of 2024 Survey.....	40
19. Physician Types Currently Performing Procedures using Fixed C-arms, as of 2024 Survey	41
20. Physician Types Currently Performing Procedures using Fixed C-arms, by Respondent Department Type, as of 2024 Survey.....	42
21. Physician Types Currently Performing Procedures Using Fixed C-arms, as of 2024 Survey.....	43
22. Issues Currently Limiting Hospital’s Ability to Offer Minimally Invasive Procedures using Fixed C-arms, as of 2024 Survey	44
23. Issues Currently Limiting Hospital’s Ability to Offer Minimally Invasive Procedures using Fixed C-arms, by Respondent Department Type, as of 2024 Survey.....	45
24. Issues Currently Limiting Hospital’s Ability to Offer Minimally Invasive Procedures using Fixed C-arms, by Fixed C-arm Status, as of 2024 Survey	46
25. Physician Types Hospitals are Seeking to Attract or Retain, by Respondent Department Type, as of 2024 Survey	47
26. Physician Types Hospitals are Seeking to Attract or Retain, by Fixed C-arm Status, as of 2024 Survey	48
27. Types of Clinical Programs Hospitals Have or are Considering to Develop Over the Next Few Years, as of 2024 Survey.....	49
28. Whether Hospitals Currently Have or are Considering Developing a Vascular Surgery Program Over the Next Few Years, by Hospital Bed Size, as of 2024 Survey.....	50
29. Whether Hospitals Currently Have or are Considering Developing a Vascular Surgery Program Over the Next Few Years, by Fixed C-arm Status of Respondent’s Department, as of 2024 Survey.....	50
30. Whether Hospitals Currently Have or are Considering Developing a Cardiac Surgery Program Over the Next Few Years, by Hospital Bed Size, as of 2024 Survey.....	51
31. Whether Hospitals Currently Have or are Considering Developing a Cardiac Surgery Program	

Over the Next Few Years, by Fixed C-arm Status of Respondent's Department, as of 2024 Survey.....	51
32. Whether Hospitals Currently Have or are Considering Developing a Structural Heart Disease Program Over the Next Few Years, by Hospital Bed Size, as of 2024 Survey.....	52
33. Whether Hospitals Currently Have or are Considering Developing a Structural Heart Disease Program Over the Next Few Years, by Fixed C-arm Status of Respondent's Department, as of 2024 Survey.....	52

C. Installed Base of Fixed C-arm Systems in Hospitals 53

1. Hospital Department Where Fixed C-arms are Installed, as of 2024 Survey.....	54
2. Hospital Department Where Fixed C-arms are Installed, by Hospital Bed Size, as of 2024 Survey	54
3. Trend in Hospital Departments Where Fixed C-arms are Installed, by IMV Survey Year, 2019 to 2024.....	55
4. Distribution of Sites, by Number of Departments with Fixed C-arm Systems, by Hospital Bed Size, as of 2024 Survey.....	56
5. Distribution of Sites, by Number of Fixed C-arm Systems Installed, by Hospital Bed Size, as of 2024 Survey.....	57
6. Distribution of Fixed C-arm Sites and Systems, by Hospital Bed Size, as of 2024 Survey.....	57
7. Mix of Departments Fixed C-arm Systems are Installed in, by Hospital Bed Size, as of 2024 Survey....	58
8. Mix of Departments Fixed C-arm Systems are Installed in, by Academic/University Status, as of 2024 Survey	58
9. Average Number of Fixed C-arms per Department, by Department Type, as of 2024 Survey.....	59
10. Distribution of <u>Projected</u> Estimates for Installed Fixed C-arm Systems, by Department Type, as of 2024 Survey	59
11. Distribution of Fixed C-arm Systems Installed in Hospitals, by Year of Installation, as of 2024 Survey	60
12. Distribution of Fixed C-arm Systems, by Year of Installation, by Hospital Bed Size, as of 2024 Survey	61
13. Distribution of Fixed C-arm Systems, by Year of Installation, by Department Location, as of 2024 Survey	61
14. Total Fixed C-arm System Installed Base Market Share, as of 2024 Survey.....	62
15. Percent of Sites Having at Least One Fixed C-arm System Installed, by Manufacturer, as of 2024 Survey	62
16. Fixed C-arm System Installed Base Market Share, by Department Location, as of 2024 Survey	63
17. Fixed C-arm System Installed Base Market Share, by Hospital Bed Size, as of 2024 Survey	63
18. Installed Base Market Share of Fixed C-arm Systems, by Installation Time Frame, as of 2024 Survey..	64
19. Mix of Single- vs. Bi-plane Fixed C-arm Systems, by Hospital Bed Size, as of 2024 Survey	65
20. Mix of Single- vs. Bi-plane Fixed C-arm Systems, by Department Location, as of 2024 Survey	65
21. Mix of Single- vs. Bi-plane Fixed C-arm Systems, by Academic/University Status, as of 2024 Survey .	65

22. Mix of Fixed C-arm Systems, by Whether Floor/Ceiling/Wall Mounted, by Hospital Bed Size, as of 2024 Survey	66
23. Mix of Fixed C-arm Systems, by Whether Floor/Ceiling/Wall Mounted, by Department Location, as of 2024 Survey	66
24. Mix of Fixed C-arm Systems, by Whether Floor/Ceiling/Wall Mounted, by Academic/University Status, as of 2024 Survey	66
25. Mix of Fixed C-arm Systems, by Whether Floor/Ceiling/Wall Mounted, by Survey Year and Hospital Bed Size, 2019 to 2024	67
26. Mix of Fixed C-arm Systems, by Whether Floor/Ceiling/Wall Mounted, by Survey Year and Department Location, 2019 to 2024	67
27. Mix of Fixed C-arm Systems, by Table Type, by Hospital Bed Size, as of 2024 Survey	68
28. Mix of Fixed C-arm Systems, by Table Type, by Department Location, as of 2024 Survey	68
29. Mix of Fixed C-arm Systems, by Table Type, by Academic/University Status, as of 2024 Survey	68
30. Mix of Fixed C-arm Systems by Table Type, by Survey Year and Hospital Bed Sized, 2019 to 2024	69
31. Mix of Fixed C-arm Systems by Table Type, by Survey Year and Department Location, 2019 to 2024	69
32. Mix of Fixed C-arm Systems, by Whether Installed in a Surgical Environment, by Hospital Bed Size, as of 2024 Survey	70
33. Mix of Fixed C-arm Systems, by Whether Installed in a Surgical Environment, by Department Location, as of 2024 Survey	70
34. Mix of Fixed C-arm Systems, by Whether Installed in a Surgical Environment, by Academic/University Status, as of 2024 Survey	70
35. Mix of Fixed C-arm Systems, by Whether Installed in a Surgical Environment, by Survey Year and Hospital Bed Size, 2019 to 2024	71
36. Mix of Fixed C-arm Systems, by Whether Installed in a Surgical Environment, by Survey Year and Department Location, 2019 to 2024	71
37. Mix of Fixed C-arm Systems, by Whether Utilized for Hybrid OR Procedures, by Hospital Bed Size, as of 2024 Survey	72
38. Mix of Fixed C-arm Systems, by Whether Utilized for Hybrid OR Procedures, by Department Location, as of 2024 Survey	72
39. Mix of Fixed C-arm Systems, by Whether Utilized for Hybrid OR Procedures, by Academic/University Status, as of 2024 Survey	72
40. Mix of Fixed C-arm Systems, by Whether Utilized for Hybrid OR Procedures, by Survey Year and Hospital Bed Size, 2019 to 2024	73
41. Mix of Fixed C-arm Systems, by Whether Utilized for Hybrid OR Procedures, by Survey Year and Department Location, 2019 to 2024	73
42. Mix of Sites, by Whether the Fixed C-arms have CT Technology in the Same Room, by Hospital Bed Size, as of 2024 Survey	72
43. Mix of Sites, by Whether the Fixed C-arms have CT Technology in the Same Room, by Department Location, as of 2024 Survey	72
44. Mix of Sites, by Whether the Fixed C-arms Use MRI Technology During Interventional Procedures, as of 2024 Survey	73
45. Mix of Fixed C-arm Systems, by Whether the Fixed C-arms Use MRI Technology During Interventional Procedures, by Department Location, as of 2024 Survey	73
46. Mix of Sites, by Whether the Fixed C-arms have CT Technology in the Same Room, by Hospital Bed Size, as of 2024 Survey	74
47. Mix of Fixed C-arm Systems, by Whether the Fixed C-arms have CT Technology in the Same Room, by Department Location, as of 2024 Survey	74
48. Mix of Sites, by Whether Fixed C-arms Use MRI Technology During Interventional Procedures, by Hospital Bed Size, as of 2024 Survey	75
49. Mix of Fixed C-arm Systems, by Whether the Fixed C-arms Use MRI Technology During Interventional Procedures, by Department Location, as of 2024 Survey	75
50. Mix of Sites, by Whether IVUS Technology IS Used in Fixed C-arm Rooms During Interventional Procedures, by Hospital Bed Size, as of 2024 Survey	76

51. Mix of Sites, by Whether IVUS Technology IS Used in Fixed C-arm Rooms During Interventional Procedures, by Department Location, as of 2024 Survey	76
52. Trend in Use of CT, MRI and IVUS Technology in Fixed C-arm Rooms, by Survey Year and Hospital Bed Size, 2019 to 2024	77
53. Trend in Fixed C-arm Rooms Using CT, MRI and IVUS Technology, by Survey Year and Department, 2019 to 2024.....	78
54. How Fixed C-arms are Used in Respondents' Departments, by Hospital Bed Size, as of 2024 Survey...	79
55. How Fixed C-arms are Used in Respondents' Departments, by Respondent Department Type, as of 2024 Survey	80
56. How Fixed C-arms are Used in Respondent's Departments, by Hospital Bed Size, as of 2019 to 2024 Survey	81
57. First Call Service Support Sources, for Fixed C-arm Systems, by Hospital Bed Size, as of 2024 Survey	82
58. First Call Service Support Sources, for Fixed C-arm Systems, by Department Location, as of 2024 Survey	82
59. First Call Service Support Sources, for Fixed C-arm Systems, by Hospital Ownership, as of 2024 Survey	83
60. First Call Service Support Sources, for Fixed C-arm Systems, by Geographic Location, as of 2024 Survey	83
61. Type of Contractual Arrangement Used When Service Support is Needed from an Outside Service Provider for Fixed C-arm Systems, by Hospital Bed Size, as of 2024 Survey.....	84
62. Type of Contractual Arrangement Used When Service Support is Needed from an Outside Service Provider for Fixed C-arm Systems, by Department Location, as of 2024 Survey	84
63. Type of Contractual Arrangement Used When Service Support is Needed from an Outside Service Provider for Fixed C-arm Systems, by Hospital Ownership, as of 2024 Survey	85
64. Type of Contractual Arrangement Used When Service Support is Needed from an Outside Service Provider for Fixed C-arm Systems, by Geographic Location, as of 2024 Survey.....	85
65. Contractual Arrangements with Outside Service Providers, by Primary Source of Service for Fixed C-arm Systems, as of 2024 Survey	86

D. Purchase Plans for Fixed C-arm Systems.....	87
1. Hospitals Planning to Acquire Fixed C-arm Systems from 2024 Through 2025, as of 2024 Survey	88
2. Projected Hospitals Planning to Acquire Fixed C-arm Systems in the Next Three Years, as of 2024 Survey	89
3. Percent of Sites Planning to Purchase Fixed C-arm Systems Over the Next Three Years, by Hospital Bed Size, as of 2024 Survey.....	90
4. Percent of Sites Planning to Purchase Fixed C-arm Systems Over the Next Three Years, by Respondent Department Type, as of 2024 Survey	90
5. Trend in Percent of Sites Planning to Purchase Fixed C-arm Systems by IMV Study Year, 2019 to 2024.....	91
6. Distribution of Sites, by Number of Fixed C-arm Systems Planned for Purchase, by Hospital Bed Size, as of 2024 Survey	92
7. Mix of Departments the Planned Fixed C-arms Will be Installed in, by Hospital Bed Size, as of 2024 Survey	93
8. Plans for Purchasing Replacement vs. Additional vs. First-Time Placements of Fixed C-arm Systems, by Hospital Bed Size, as of 2024 Survey	94
9. Plans for Purchasing Replacement vs. Additional vs. First-Time Placements of Fixed C-arm Systems, by Planned Department Location, as of 2024 Survey	94
10. Age of Fixed C-arm Systems Being Replaced, as of 2024 Survey	95
11. Average and Median Age of Fixed C-arm Systems Being Replaced, by Survey Year, 2019 to 2024.....	96
12. Whether Planned Fixed C-arms Will be Installed in Surgical Environments, by Hospital Bed Size, as of 2024 Survey.....	97
13. Whether Planned Fixed C-arms Will be Installed in Surgical Environments, by Planned Department Location, as of 2024 Survey.....	97
14. Whether Planned Fixed C-arms Will be Utilized to Perform Hybrid OR Procedures, by Hospital Bed Size, as of 2024 Survey	98
15. Whether Planned Fixed C-arms Will be Utilized to Perform Hybrid OR Procedures, by Planned Department Location, as of 2024 Survey	98
16. Whether Planned Fixed C-arms Will be Single-plane or Bi-plane Configurations, by Hospital Bed Size, as of 2024 Survey	99
17. Whether Planned Fixed C-arms Will be Single-plane or Bi-plane Configurations, by Planned Department Location, as of 2024 Survey	99
18. Whether Planned Fixed C-arms Will be Ceiling- or Floor-Mounted, by Hospital Bed Size, as of 2024 Survey	100
19. Whether Planned Fixed C-arms Will be Ceiling- or Floor-Mounted, by Planned Department Location, as of 2024 Survey.....	100
20. Whether Planned Fixed C-arms Will Use an OR Table or an Interventional Table, by Hospital Bed Size, as of 2024 Survey	101
21. Whether Planned Fixed C-arms Will Use an OR Table or an Interventional Table, by Planned Department Location, as of 2024 Survey	101
22. Whether Planned Fixed C-arms Will be Brand New or Refurbished/Used Units, by Hospital Bed Size, as of 2024 Survey	102
23. Whether Planned Fixed C-arms Will be Brand New or Refurbished/Used Units, by Planned Department Location, as of 2024 Survey	102
24. Departments Having Budget Responsibility for Planned Fixed C-arms, by Hospital Bed Size, as of 2024 Survey	103
25. Mix of Sites, by Whether Planned Fixed C-arms Will Have CT Technology in the Same Room, by Hospital Bed Size, as of 2024 Survey	104
26. Whether Planned Fixed C-arms Will have CT Technology in the Same Room, by Department Location, as of 2024 Survey.....	104
27. Mix of Sites, by Whether Planned Fixed C-arms Will Use MR Technology During Interventional Procedures, by Hospital Bed Size, as of 2024 Survey.....	105
28. Whether Planned Fixed C-arms Will Use MRI Technology During Interventional Procedures, by Department Location as of 2024 Survey	105

29. Mix of Sites, by Whether IVUS Technology Will be Used in Planned Fixed C-arm Rooms During Interventional Procedures, by Hospital Bed Size, as of 2024 Survey	106
30. Whether IVUS Technology Will be Used in Planned Fixed C-arm Rooms During Interventional Procedures, by Planned Department Location, as of 2024 Survey.....	106
31. Percent of Sites Mentioning Manufacturers Being Considered for Next Fixed C-arm System Purchase, as of 2024 Survey.....	107
32. Percent of Sites Mentioning Manufacturers Being Considered for Next Fixed C-arm System Purchase, 2019 to 2024.....	107
33. Brand Loyalty: Vendors Being Considered by Current Fixed C-arm Installed Base, as of 2024 Survey	108
34. Mix of Sites, by Whether Sites Plan to Stay With or Switch From their Most Recently Installed Fixed C-arm Manufacturer, by Hospital Bed Size, as of 2024 Survey	109
35. Mix of Sites, by Whether Sites Plan to Stay With or Switch From their Most Recently Installed Fixed C-arm Manufacturer, by Respondent's Department, as of 2024 Survey.....	109
36. Whether Sites Plan to Stay With or Switch From their Most Recently Installed Fixed C-arm Manufacturer, by Most Recently Installed Manufacturer, as of 2024 Survey.....	109
37. Physicians: Key Decision Makers for Go/No-go Decisions on Whether and When to Purchase Fixed C-arm Systems, as of 2024 Survey	110
38. Administrators: Key Decision Makers for Go/No-go Decisions on Whether and When to Purchase Fixed C-arm Systems, as of 2024 Survey	110
39. Physicians: Key Decision Makers for Go/No-go Decisions on Whether and When to Purchase Fixed C-arm Systems, by Respondent Department Type, as of 2024 Survey.....	111
40. Administrators: Key Decision Makers for Go/No-go Decisions on Whether and When to Purchase Fixed C-arm Systems, by Respondent Department Type, as of 2024 Survey.....	112
41. Whether Decisions for Purchasing Fixed C-arm Systems are Made at the Corporate HQ or at the Individual Facility Level, by Hospital Bed Size, as of 2024 Survey.....	113
42. Whether the Influence of Corporate HQ in Purchase Decisions for Fixed C-arm Systems is Increasing, Staying the Same, or Decreasing in 2024, Compared to 2-3 Years Ago, by Hospital Bed Size, as of 2024 Survey.....	113
43. Preferred Fixed C-arm Manufacturers in Healthcare System/Organization, as of 2024 Survey	114
E. Installed Base & Purchase Plans for Portable C-arm Units	115
1. Whether Hospital Has Portable/Mobile C-arm Units, as of 2024 Survey	116
2. Whether Hospital Has Portable/Mobile C-arm Units, by Hospital Bed Size, as of 2024 Survey	116
3. Departments Where Portable/Mobile C-arms are Used, as of 2024 Survey.....	117
4. Departments Where Portable/Mobile C-arms are Used, by Hospital Bed Size, as of 2024 Survey	117
5. Distribution of Sites, by Number of Portable/Mobile C-arm Units, by Hospital Bed Size, as of 2024 Survey.....	118
6. Distribution of Portable/Mobile C-arm Units in Hospitals, by Hospital Bed Size, as of 2024 Survey ...	118
7. Percent of Sites Having at Least One Portable/Mobile C-arm Unit, by Manufacturer, as of 2024 Survey	119
8. Departments Primarily Responsible for Managing the X-ray Technologists who run the Portable/Mobile C-arms Used in Hospital, as of 2024 Survey	120
9. Departments Primarily Responsible for Managing the X-ray Technologists who run the Portable/Mobile C-arms Used in Hospital, by Respondent Department Type, as of 2024 Survey	120
10. Physician Types Routinely Using Portable/Mobile C-arms in Hospital, as of 2024 Survey.....	121
11. Physician Types Routinely Using Portable/Mobile C-arms in Hospital, by Respondent Department Type, as of 2024 Survey.....	121
12. How Portable/Mobile C-arms are Utilized, as of 2024 Survey	122
13. How Portable/Mobile C-arms are Utilized, by Respondent Department Type, as of 2024 Survey	122
14. Hospital Sites Planning to Acquire Portable/Mobile C-arm Units Over the Next Three Years, as of 2024 Survey	123
15. Percent of Sites Planning to Purchase Portable/Mobile C-arm Units Over the Next Three Years, by Hospital Bed Size, as of 2024 Survey	124
16. Percent of Sites Planning to Purchase Portable/Mobile C-arm Units Over the Next Three Years, Respondent Department Type, as of 2024 Survey	124

17. Distribution of Sites, by Number of Portable/Mobile C-arm Units Planned for Purchase, by Hospital Bed Size, as of 2024 Survey.....	125
18. Plans for Purchasing Replacement vs. Additional vs. First-time Purchase of Portable/Mobile C-arms, by Hospital Bed Size, as of 2024 Survey	126
19. Plans for Purchasing Replacement vs. Additional vs. First-time Purchase of Portable/Mobile C-arms, by Respondent Department Type, as of 2024 Survey	126
20. Percent of Sites Mentioning Manufacturers Being Considered for Next Portable/Mobile C-arm Purchase, as of 2024 Survey	127
21. Departments Where Planned Portable/Mobile C-arms Will be Used, as of 2024 Survey.....	128
22. Whether Any of the Planned Portable/Mobile C-arms Will Have the Capability to Perform Intraoperative 3D Scans, as of 2024 Survey	129
23. Whether Any of the Planned Portable/Mobile C-arms Will Have the Capability to Perform Intraoperative 3D Scans, Respondent Department Type, as of 2024 Survey.....	129
24. Percent of Sites Having at Least One 3D Portable/Mobile C-arm Unit, By Manufacturer, as of 2024 Survey	130
25. Percent of Sites Having at Least One Portable/Mobile Mini C-arm Unit, by Manufacture, as of 2024 Survey	130
26. Percent of Sites Having at Least One Portable/Mobile C-arm Unit with Flat-Panel Detector, by Manufacturer, as of 2024 Survey	131
27. Percent of Sites Having at Least One Portable/Mobile C-arm Unit with Image Intensifier by Manufacturer, as of 2024 Survey	131

F. Site Operations Characteristics of Hospitals with Fixed C-arm Equipment..... 132

1. Percent of Fixed C-arm Sites with Staff Types, by Hospital Bed Size, as of 2024 Survey.....	133
2. Average FTE Staff per Site Having that Type, by Hospital Bed Size, as of 2024 Survey	133
3. Distribution of Sites, by Number of Technologists Performing/Preparing Patients for Exams per Fixed C-arm System, by Hospital Bed Size, as of 2024 Survey	134
4. Trend in Distribution of Sites, by Number of Technologists Performing/Preparing Patients for Exams per Fixed C-arm System, by IMV Survey Year, 2019 to 2024	134
5. Weekly Operating Hours of Respondent’s Department for Scheduled Fixed C-arm Procedures (Monday-Friday), as of 2024 Survey	135
6. Weekend Hours of Respondent’s Department for Scheduled Fixed C-arm Procedures (Saturday & Sunday), as of 2024 Survey	135
7. Weekly Operating Hours of Respondent’s Department for Fixed C-arm Procedures, Including Unscheduled and On-Call (Monday-Friday), as of 2024 Survey	136
8. Weekend Operating Hours of Respondent’s Department for Fixed C-arm Procedures, Including Unscheduled and On-Call (Saturday & Sunday), as of 2024 Survey.....	136

G. Appendix..... 137

1. Other Department Priorities Mentioned by Respondents – Open Ended Responses	138
2. Other Future Outlook Factors - Open Ended Responses.....	139
3. Recommendations for Fixed C-arm Product Improvements - Open Ended Responses	140
4. Future Minimally Invasive Procedures mentioned by respondents – Open Ended Responses	143
5. About IMV	146
